

FARM SAFETY CHECK

SKID STEER SAFETY CHECKLIST

Skid steers are a common and critical piece of equipment on the farm. With moving buckets, blind spots, and varying center of balance, these machines can be dangerous to operators and bystanders despite the productivity benefits. While they pose hazards like pinch points, runovers, and entrapment, safe operation is possible.

You and/or your employee(s) can use this form to complete safety checks on your farm. Use the form below to list additional safety checks you think are important when inspecting your farm. Keep the completed forms for follow-up, future reference and inspections. Additional copies of this form can be downloaded at:

<http://umash.umn.edu/umash-farm-safety-check/>

Potential Hazard	Yes	Needs Correction	Date Corrected or Notes
Is a seatbelt and restraint bar used at all times during operation?	<input type="checkbox"/>	<input type="checkbox"/>	
Is the machine inspected before use, ensuring handholds, safeguards, fittings, and hydraulic hoses are in good repair?	<input type="checkbox"/>	<input type="checkbox"/>	
Is there a standard operating procedure for the operator and additional workers when using the skid steer?	<input type="checkbox"/>	<input type="checkbox"/>	
Does the operator enter with 3 contact points, the loader arms down, brakes set?	<input type="checkbox"/>	<input type="checkbox"/>	
Is the machine up to date on maintenance? Clean of debris, no smooth tires, bucket is hooked/locked, etc.	<input type="checkbox"/>	<input type="checkbox"/>	
Is the machine free of passengers? Passengers, including small children, interfere with control, vision, and may bounce out.	<input type="checkbox"/>	<input type="checkbox"/>	
Does all operation take place exclusively from within the cab?	<input type="checkbox"/>	<input type="checkbox"/>	
Does the operator know the field of vision and blindspots?	<input type="checkbox"/>	<input type="checkbox"/>	
Are bucket loads secure, within the limit, distributed evenly?	<input type="checkbox"/>	<input type="checkbox"/>	
Is the operator trained on controls, safety, hazards and 16 years or older?	<input type="checkbox"/>	<input type="checkbox"/>	
Do you have regular safety training or 'toolbox talks' with operators and workers about hazards and safe work practices while operating or working around skid steers?			

Name of person completing safety check: _____ Date completed: ___ / ___ / ___
