

Food Safety Field Day: Composting, Livestock and Produce and Packshed Design

Tuesday, August 24, 2021

9:30 a.m. - 12:30 p.m.

Maple Ridge Produce, 29555 380th Ave, Aitkin, MN 56431

Join us at Maple Ridge Produce for a field day focused on compost and packsheds. We will hear from a veterinarian and public health expert about safely integrating livestock and manure in produce operations to improve soil health while also reducing potential for contamination. We will also take a deep-dive into packshed design including tips on low-cost hacks and improvements for postharvest handling, including how to build low-cost spray tables, dunk tanks and repurposing equipment safely and effectively to improve product quality and safety.

Pre-register at <https://z.umn.edu/healthyharvest> - space is limited. Lunch provided for all registered participants.

For more information, contact Annalisa Hultberg at hultboo6@umn.edu.
Language interpretation may be available upon request.

This event hosted by University of Minnesota Extension, Upper Midwest Agricultural Safety and Health Center, Minnesota Department of Agriculture, Minnesota Farmers Union, and Sustainable Farming Association of Minnesota - Greater Mille Lacs Chapter.
