

# Have fun on the farm and stay healthy!

**Even healthy, well cared for animals can have germs that can make people sick.**

## Keep food and drinks out of animal areas

This includes bottles, sippy cups, and pacifiers  
You don't want to get germs on them

## Wash your hands with soap and water

Wash hands after visiting the animals and before eating  
Don't just use hand sanitizer. It doesn't work against all germs

## Don't touch your mouth

That's how germs get in your body and make you sick

## Wear appropriate clothing and shoes

Such as sturdy shoes and clothes you can get dirty  
When you get home, change your clothes and shoes and wash them

## Don't touch the farm equipment

Farm equipment can be dangerous  
Stay with your group

If you are pregnant,  
under age 5, over age 65,  
or have a compromised  
immune system, you are  
at higher risk for more  
serious infections.

See you  
soon!
