

2023 Farm Safety Calendar

DECEMBER - Don't leave safety out in the cold!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
<p>THIS MONTH: For those in agriculture, especially those who work with livestock, the work doesn't stop in the winter. Being outside in the dropping temperatures can be dangerous - make sure you and your farm are winter ready. Dressing for the weather, having the right safety gear, de-icing and gritting walkways, and making sure someone knows where and for how long you will be outside are great ways to not leave safety out in the cold!</p>					<p>1 </p> <p>SPOTLIGHT: ARE YOU AND YOUR FARM WINTER READY?</p>	2
