FEBRUARY - *Make Safety Your Valentine: Keep Safe in Confined Spaces*

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
<p>THIS MONTH: February isn't just a month for love - it's also a time to focus on safety, especially when it comes to confined spaces like grain bins. Grain handling is a hazardous activity, with serious risks like entrapment, respiratory issues, hearing loss, and fires. Whenever possible, do not enter a grain bin. If you must enter the bin, be sure to wear proper equipment and work in pairs. This month, show your love by sharing grain bin safety resources with those you care about.</p>				<p>FEBRUARY IS ALSO HEART HEALTH MONTH. </p> <p>Take care of your heart by eating healthy, getting good sleep, and managing stress.</p>		1
