

UMASH Farm Safety Annual Planning

JANUARY - *Make a safety plan. Put resolutions into action.*

Setting New Year's resolutions has long been a tradition that many undertake with good intentions, but unfortunately without a plan, many don't last. **Don't just set a resolution - put safety into action.** Implement a plan to make your operation safer and add essential day-to-day safety measures to keep you, your workers, and your family safe all year.

RESOURCES THIS MONTH
